We had a wonderful experience with J&L Cavalier breeders. We picked up our girl, Rosie, a week ago. She has been thoroughly checked by our vet and passed with flying colors; she was completely up-to-date with all her age appropriate vaccines and care when we received her. J&L were very thorough and we received all the appropriate paperwork from their vet and the qualifying paperwork and registration for ACA. I can see when we picked up Rosie, J&L provided much care for Rosie and all their pups and dogs. ❤️ We would highly recommend these breeders!

Oh my goodness!!! She is such a delight!!! ❤️🥰 We all adore her!! The kids all fight to be near her 🥹🥹 they were so surprised and soooooo excited!!! We basically kept the name bc we she looks so much like a Rose so we call her Rosie 🥰 your girls named her so well! she is so sweet and loving... she truly loves the kids and whimpers when they leave the room ... We took her to the vet today and they said she looks great! We go back to finish her immunizations in October. we are SO grateful we found y'all! 🥰 I had a girl on Facebook message me and told me when she gets back from her vacation she plans on reaching out to you about a dog. ❤️ I had to send a few pics 🥰

That is so wonderful to hear!!! 🥰🥰

Graham and Daisy are fast friends thanks to Olivia!!

Took me a minute to get how Olivia had anything to do with it. 😂

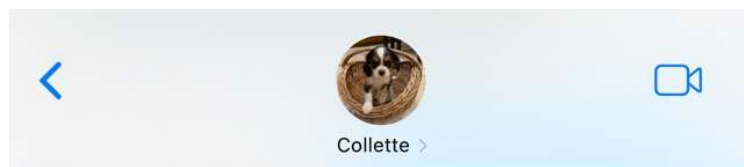

So glad he is getting the dog experience he has been begging you for!

Yes! She was so great around him cause she's used to kiddos!! He is loving her so much.

Best Aunt ever!

I've been walking her in a little tote around to the places we'll get to play at once she has more shots and just getting her adjusted to all the sounds and smells. She is the best. Thank y'all so much!

How are your mom and precious puppy doing?

They are doing great! She has completely spoiled her and she has been so good for my mom I can already see a difference in my mom that she has something to talk to all the time.

That's wonderful! I'm so happy for her!

Just the absolute best dog ever!! We love her lots! Literally the sweetest. My husband doesn't know how much I'm spending yet...don't wanna taint the magic quite yet 🤔

HA HA

I'm glad you are enjoying her!

Honestly...I can't say enough. Checks all our boxes, and the bitey puppy stage is so manageable because she's so small. Thanks so much for working with me on the price and encouraging me to take her home sooner. I'm really glad we did. 🥰

Jason and Lauren put so much love into their puppies I was able to witness first hand the attention love and care that go into their litters. We adopted rainier and she is so socialized, routined and so very loved. Little Olivia is so special to these puppies they are lucky to have her help with socializing 😊. We had a mishap with our flight and were delayed from 8 AM to 6 PM and Lauren was kind enough to open her home to us so we could rest during our delay. Certainly special breeders J&L Highly recommend them ❤️❤️🥰

We recently adopted a puppy from Jason and Lauren. They were so great, they allowed us to come visit to meet their dogs and choose a puppy. I was super impressed. They do live life with their dogs and their house and dogs were all very well kept.

Our older puppy (our first ever puppy) we've had for almost two years and while his breeder seemed ok, I just did not see the same level of care and commitment as I did with Jason and Lauren and the care is evident. The experience has been so different. Our new puppy from Lauren is very social, loves cuddles, and seems very content. He also had a great start at potty training with Lauren, it almost feels like no work at all compared to our last experience where no care had been taken to work with the puppies.

I would definitely adopt a puppy from them again.

Wow J&L was such an easy and wonderful experience. We had researched this breed and found so many scammers and "mills" and to find such a great example of loving caring breeders that truly care about their animals and the puppies they sell, was such a breathe of fresh air and WE love our boy Beau! Lauren answered all my questions and made a creative pick up flawless and we would drive the 8 hours all over again!!! Highly recommend this as the only place to find your Cavalier!

My girls love him so much! He is the best puppy- idk if you were already working on training him.. but he has done amazing !

Such preciousness!

Yes, we start potty training them at 4 weeks of age. Makes our lives much easier and their lives much cleaner for most of the pottying to happen outside. 😊

I'm so glad! 😊 he hasn't had any accidents. He has truly been the best puppy. We love him so much.
